V. Tariff for fitness facilities, gyms, aerobics and group workouts

This tariff consists of two parts. Part 1 sets out the amount of royalties for the use of protected works in fitness and similar facilities which offer their customers the possibility of membership on a monthly or other basis. **Part 2** – other fitness facilities and gyms with a single-entry admission fee. **Zone 1** – exercise rooms where workout or dancing lessons are held. **Zone 2** – other spaces of fitness facilities which are covered by sound or equipped with a TV apparatus. The rates are in tariff A.

Part 2. Tariff for fitness facilities and gyms with a single-entry admission fee

Common provisions

1. This tariff sets out the proposed rates of royalties or the method of determination of royalties for the granting of a license to use musical works via audio apparatus (e.g. radio broadcast receivers, CD players, music towers) – in the tariff also referred to as “background music”, or audiovisual apparatus (e.g. televisions, DVD players, computers) – in the tariff also referred to as “TV apparatus” or “TV”, in cases where the performance of the works does not have the character of a program, is not intended to dance to and where the works are not performed by performers (DJ). Performance of works is only a supplement to other services and, therefore, the admission fee, if any, is not directly related to the performance of musical works.
2. A musical work according to this tariff shall mean any musical work and any verbal work used in connection with a musical work from the OSA repertoire.
3. The rates of royalties are stated exclusive of VAT which shall be added at the standard rate according to general legislation.
4. The minimum royalty is considered the minimum value of the OSA repertoire regardless of the scope of use of the OSA repertoire.
5. Cases not regulated by this or any other tariff shall be handled by agreement.
6. The rates of royalties are set out for each commenced calendar month of use unless stated otherwise.
7. This tariff shall replace any previous tariffs which set the rates of royalties for the granting of a license to use the works as specified in this tariff.
8. This tariff shall come into force and take effect on 1 January 2023.
9. Tariff A applies where the operator requests a draft license agreement without any assistance from an OSA employee present at the operator’s establishment or without any link to an inspection carried out at the operator’s establishment, and provided that OSA has no overdue claims against the operator at the time of issuing the draft license agreement. Tariff B applies to other cases. Where tariff B is not directly indicated herein, it shall be calculated as 1.15 times tariff A.
